Better Bottomlines Through Values-Driven Leadership: Leveraging Culture to Drive Business Results

Want a high-performing organization? It starts with the **values-driven culture you create.**

Choose DuPage, together with Benedictine University's Center for Values-Driven Leadership, is launching a new **three-part series** of interactive sessions for senior executives, designed to explore how positive, people-focused cultures enable financial and strategic success.

Tuesday, March 12, 7:30-9:30 AM

Benedictine University, Center for Values-Driven Leadership
5700 College Road, Lisle

Breakfast will be served.

SESSION 3 - LEADING STRATEGICALLY

Leadership for "Must Succeed" Moments: Creating Alignment that Drives Collaboration & Produces Results

Research says that up to 75% of change efforts fail. For must-succeed initiatives and goals, leaders must create exceptional levels of alignment, commitment, and engagement. This session will explore a strengths-based approach to collaborative change that will inspire the full investment of every team member, so you achieve the progress you want.

Together, we'll explore strategic change, engage in dialogue with you and your executive peers about your experiences with change, and introduce you to a proven approach that can be used by leaders at every level to create alignment and drive rapid change in support of your essential objectives and goals. You will leave with practical tools and resources that
